Dr. Bernanke served consecutive terms as chairman of the Board of Governors of the Federal Reserve System from 2006 to 2014. He also served as chairman of the Federal Open Market Committee, the System's principal monetary policymaking body. Before his appointment as chairman of the Fed, Dr. Bernanke was chairman of the President's Council of Economic Advisers, from June 2005 to January 2006.

A distinguished economist and scholar, Dr. Bernanke has published articles on a wide number of economic issues and held professorships at Princeton, Stanford, New York University and the Massachusetts Institute of Technology.

"Dr. Ben Bernanke served as the single-most influential person on the global economy for nearly a decade, and was a key leader in helping the United States successfully navigate the global financial crisis," said Jeff Yabuki, President and Chief Executive Officer of Fiserv. "We are certain that his experience and insights will help inform the strategies of our clients, who are constantly looking for new ways to drive innovation, efficiency and value."

Forum features dozens of educational and strategy sessions, covering the areas impacting financial services and their implications for the future. Based on proprietary Fiserv research, conference content was carefully crafted to deliver actionable insights that credit union leaders can use to improve the growth, efficiency and profitability of their institutions.
