Fiserv Helps Grant Children's Christmas Wishes in Lake Mary

Lake Mary, Fla., December 21, 2010 - [Fiserv](#), Inc. (NASDAQ: FISV), the leading global provider of financial services technology solutions, announced today that thanks to the collaborative efforts of many of the company's Lake Mary area associates and [New Hope for Kids](#), 150 area children will have a Merry Christmas.

For the past ten years, Fiserv associates in Lake Mary have supported New Hope for Kids. The mission of the organization is to aid children and families that are grieving the death of a loved one and to grant wishes to children with life threatening illnesses. This year, Fiserv received wish lists from 150 of the organization's children, with 4-5 items on each list.

"At this time of year, we provide children and families with their Christmas," said Rhonda Stankiewicz, event manager, New Hope for Kids. "With the help of the Fiserv associates, those families who would not have been able to celebrate will certainly have a happy holiday."

Fiserv human resources associate, Nancy Dunfee, led the effort on behalf of the company, posting gift lists from which associates made selections, seeking financial donations, and shopping for gifts with her husband.

"We're proud to support the communities in which our associates live and work, and we are pleased to have such a meaningful and long-standing relationship with New Hope for Kids," said Dunfee.

According to Dunfee, some of the most requested items asked for by the children were DVDs, Pillow Pet stuffed animals, watches and bedding sets.
